Item 3

April 27, 2021

Building Investment, Finance and Audit Committee

Report: BIFAC:2021-32

To: Building Investment, Finance and Audit Committee
("BIFAC")

From: Acting President and Chief Executive Officer

Date: April 1, 2021

PURPOSE:

The purpose of this report is to seek BIFAC's approval of the 2020 Annual Report and the Letter to the Shareholder for Toronto Community Housing Corporation ("TCHC").

RECOMMENDATIONS:

It is recommended that BIFAC approve and forward to the Board of Directors for approval the following recommendations:

1. Approve the 2020 Annual Report and Letter to the Shareholder (Attachments 1 and 2); and
2. Authorize the Acting President and Chief Executive Officer (or designate) to forward the 2020 Annual Report and Letter to the Shareholder to the City of Toronto's City Manager.

REASONS FOR RECOMMENDATIONS:

The draft 2020 Annual Report (Attachment 1) provides a public overview of TCHC's accomplishments and its progress in delivering its strategic priorities during the 2020 calendar year. It is TCHC's report to City Council, tenants, employees, stakeholders and the public.

The draft Letter to the Shareholder (Attachment 2) complies with the reporting requirements in the Shareholder Direction, approved by City Council in November 2013, and with other directions from City Council from different points in time. Together, the two documents provide all the information required to comply with TCHC's reporting requirements to its shareholder, the City of Toronto.

Upon approval by the Board of Directors, the President and CEO (or designate) will forward the 2020 Annual Report and Letter to the Shareholder to the City Manager.

IMPLICATIONS AND RISKS:

TCHC's Annual Report and Shareholder Letter are the primary documents through which TCHC demonstrates full compliance with the Shareholder Direction and other reporting requirements approved by City Council. Regular and transparent reporting of performance against strategic priorities is also an important part of our commitment to public accountability.

Both documents are being provided in time to meet the City's requirement of reporting within 120 days of the end of the fiscal year.

2020 GRATITUDE REPORT

A message from the Chair

There is no question 2020 was a year unlike any other, as COVID-19 disrupted the way we worked and lived. Looking back on this difficult time, what stands out most is the exemplary work done by our employees, day after day, to deliver services and support to tenants. In so many ways, it defines who we are and what we stand for as a social housing provider.

Throughout the pandemic, most of our employees have been on the frontlines serving communities hard hit by the virus. In the face of this challenge, our frontline employees stepped up to keep our buildings clean and well-maintained, make changes to comply with public health measures and provide food and other essentials to seniors and vulnerable tenants. At the same time, the rest of our team kept our day-to-day business running smoothly from home.

“Looking back on this difficult time, what stands out most is the exemplary work done by our employees, day after day, to deliver services and support to tenants. In so many ways, it defines who we are and what we stand for as a social housing provider.”

Also in 2020, during the deeply painful aftermath of the murder of George Floyd, Black staff engaged in dialogue with our Executive Leadership Team, several Black staff in management and with Board members on how the organization could commit to dismantling anti-Black racism. Through this dialogue, our leadership acknowledged that the realities of anti-Black racism in TCHC’s communities and organization had not been addressed, and put in place a dedicated team to develop a TCHC strategy for confronting anti-Black racism which the Board of Directors approved in February 2021.

While our pandemic response continues in 2021, as does the work to implement our confronting anti-Black racism strategy, our efforts in 2020 have brought us closer to our tenants and each other. We are a stronger, more resilient organization as a result, and well-positioned to deliver on our strategic priorities in 2021 and continue improving the lives of our tenants.

Tim Murphy,
Chair, Board of Directors

A message from the Acting President and CEO

2020 presented unique challenges that required our team to adapt and adjust how we work. I am very proud of the dedicated efforts of our employees in 2020 to provide quality housing, services and supports under difficult circumstances, and to keep our tenants, communities and each other safe during the pandemic.

We continued to roll out TCHC's restructured service model in 2020. Notably, we refined our plan for Tenant Service Hubs, the foundation of our new model, and successfully opened three hubs before the lockdown required us to shift our timeline. We responded by establishing virtual service hubs across the city, empowering frontline staff to make decisions to support our tenants and providing them with the tools, training and knowledge they need. By the end of 2021 we will have all 88 hubs ready to receive tenants in a safe and welcoming environment.

"I am very proud of the dedicated efforts of our employees in 2020 to provide quality housing, services and supports under difficult circumstances, and to keep our tenants, communities and each other safe during the pandemic."

In 2020, we delivered a record-level \$350-million program of building capital repairs and upgrades to improve and enhance quality of life for our tenants. Our Seniors Housing Unit worked with the City to launch the Integrated Service Model in 18 buildings, and to continue developing the Tenants First plan to establish a new seniors housing corporation.

TCHC's work in 2020 was guided by our past President and CEO Kevin Marshman, who retired in March 2021. TCHC has made great strides under Kevin's leadership, and as Acting President and CEO, my mandate is to sustain this momentum. We will continue to deliver our strategic priorities aimed at improving the quality of our housing and services, and on building a culture that puts the needs of our tenants first.

Strategic Priorities 2020–2021

The 2020-21 Strategic Priorities are the roadmap to guide how TCHC will work together in 2021 to continue improving the lives of our tenants.

There's no question that over the past year, key events have resulted in a sea-change for the organization:

- The continued work on the organizational restructuring in support of a tenant-focused service delivery model
- An unprecedented level of capital work to repair our buildings to attain our targeted Facilities Condition Index of 10% by 2026
- Responding to the COVID-19 pandemic with measures to keep our buildings safe, provide essential services, and connect tenants to the supports they needed to ensure their wellbeing
- Committing to addressing the realities of anti-Black racism in our communities and organization through the development of a TCHC strategy for confronting anti-Black racism

With such major change comes an opportunity to prioritize the work that we do as a company, to set us up for success and move us closer to our vision of "Quality homes in vibrant communities where people are proud to live and work".

The six strategic priorities build on the progress made to date and they serve to focus the company on:

- Delivering reliable and quality services closer to tenants
- Bringing the TCHC Culture Model to life
- Inspiring our employees to continue to make our vision a reality

Seniors Housing Unit

Supporting seniors during COVID-19

During the COVID-19 pandemic, staff in the Seniors Housing Unit have worked tirelessly to ensure the safety of the 14,000 senior tenants across TCHC's portfolio of 83 seniors buildings. Staff conducted more than 13,000 tenant wellness checks through telephone and door-knocking, and distributed masks and public health information to all tenants. Staff also coordinated with the City of Toronto and community partners to support five mobile COVID-19 testing clinics in seniors buildings, resulting in 912 senior tenants getting tested.

Seniors Housing Unit staff were integral in executing a mobile influenza vaccine program alongside regional community health and social service partners. The program engaged more than 9,700 senior tenants and enabled 1,500 tenants to get the flu vaccine.

Integrated Service Model

After extensive preparation and consultation, the Integrated Service Model (ISM) was launched on December 11, 2020 in 18 seniors buildings in the southeast region. The ISM is a research-based approach to enhancing the ability of senior tenants to age in place by increasing their access to health and community support services. The model will be introduced to all 83 seniors buildings in phases throughout 2021 and 2022. .

An important factor in the success of the ISM will be the strength of the Seniors Housing Unit's partnerships with the Ontario Health Teams (formerly the Local Health Integration Networks) and regional health and social support agencies. As a result, the Seniors Housing Unit expects that senior tenants will experience greater access to health and wellness supports within their buildings.

With these collaborative support efforts, the Seniors Housing Unit looks forward to enhancing the quality of life for our senior tenants while furthering their independence and allowing them the ability to safely age at home.

Scholarships

Toronto Community Housing worked with donors to continue awarding scholarships to Toronto youth in our during the pandemic

In 2020, Toronto Community Housing's scholarship programs moved to a virtual format. Beginning with the application process, the virtual format engendered by the epidemic meant that every step up to and including handing over the awards was conducted virtually. TCHC staff encouraged youth to apply, worked with generous funding partners, helped to evaluate entries and created video biographies of recipients, and in the case of the Don Summerville Scholarships, even created video invitations and coordinated a live award night via Zoom.

The Don Summerville Scholarship Program, funded by TCHC's Developer partner (Context Development in partnership with Riocan Living) in the Don Summerville Revitalization community, was launched this pandemic year. The first-ever scholarship recipients were selected in December, and their "award ceremony" featured messages from recipients' families via prerecorded videos and live appearances by Ward 14 Councillor and TCHC Board member Paula Fletcher, MP Julie Dabrusin, MPP Peter Tabuns, representatives of scholarship donors Context Development and RioCan Living, and TCHC's Chief Development Officer Vincent Tong.

During the pandemic, TCHC also continued to offer its longstanding Investing in Our Diversity Scholarship Program (IIOD), which enables dozens of youth each year to take a step in achieving their career or personal goals. One of TCHC's best-known programs, IIOD scholarships help fund postsecondary studies or training for Toronto youth involved in promoting diversity, equity and anti-racism dialogue in their communities.

Window Air Conditioner Exchange Program

To enhance safety features and improve tenant comfort in TCHC buildings, TCHC worked to remove and exchange window air conditioners that were not over a balcony, at no cost to tenants, for portable floor model versions. The floor models, along with being safer, provide better cooling, are quieter, and improve overall energy performance.

By fall 2020, TCHC had replaced approximately 17,000 window air conditioners from its mid and high rise buildings with floor-model air conditioners.

The program was delivered following strict COVID-19 protocols.

April 30, 2021
Mr. Chris Murray
City Manager, City of Toronto
City Hall, 11th Floor, East Tower
Toronto, ON M5H 2N2

Dear Mr. Murray,

Toronto Community Housing Corporation's 2020 Annual Report

We are pleased to submit the enclosed 2020 Annual Report for the Toronto Community Housing Corporation (TCHC). This year we have created a digital 2020 Annual Report, which highlights our achievements in relation to our corporate goals and objectives in an unprecedented year.

This letter to the Shareholder, its attachments, and our 2020 Annual Report fulfill all Shareholder and other City Council mandated reporting requirements, as outlined in the 2013 Shareholder Direction from the City of Toronto and various resolutions adopted by City Council.

2020 was a challenging year, with the COVID-19 pandemic impacting many public organizations, including TCHC. We worked to maintain services wherever possible under the guidance of Toronto Public Health. Our primary focus has been on staff and tenant safety through implementing social distancing measures, increased cleaning and sanitization of common areas, ensuring access to PPE and hand sanitizer, and facilitating connections to support services as needed. Despite the operational disruptions due to COVID-19, TCHC continued construction of the Tenant Service Hubs as part of the new operational service delivery model, continued implementing its refreshed Tenant Engagement System, enhanced the tenant complaint process, and developed a new arrears collection process with a focus on earlier intervention and increased communication with tenants.

If you have questions about the contents of this letter or the 2020 Annual Report, please contact Sheila Penny at (416) 981-6414.

Yours truly,

Timothy Murphy

1. Quality Homes

1.1 Sale of Single Family Homes

Toronto Community Housing Corporation (TCHC) reports annually on the sale of properties, and on the tenant and community impacts resulting from such sales, as required by Section 10.2.1 (l) in the 2013 Shareholder Direction. In late 2019, the City's Tenants First team published the Request for Proposals (RFP) for Ownership and Operation of TCHC's Scattered House Portfolio with input from TCHC staff. Pursuant to the RFP, the City and TCHC have selected the non-profit proponents to whom the Scattered Properties are to be conveyed and the selected proponents were approved in Q4 2020 by the City in *EX17.2 - Implementing Tenants First: 2020 Action Updates*. The transfer of 623 properties with 730 units will be the largest transfer done by TCHC to date.

TCHC staff are proceeding to negotiation and execution of the agreement of purchase and sale with the selected proponents, substantially on the terms and conditions outlined in the RFP and such other terms and conditions that are satisfactory to both TCHC and the Deputy City Manager, Community and Social Services. The timeline for the transfer of scattered properties was significantly impacted by COVID-19. TCHC and the City continue their efforts to expedite the transfers and ensure the process moves swiftly. It is expected that a portion of the transfers will be completed in Q4 of 2021 and the remaining will be completed in Q2 of 2022.

The selected proponents have been required to develop robust tenant engagement and transition plans as part of their proposals and implementation plans. These plans will ensure that tenants are not negatively impacted in any way by the transfers. It is also important to note that all assets being transferred will have Social Housing Agreements registered against title, and as such will be required to be kept in perpetuity for social housing purposes.

1.2 Affordable Home Ownership

TCHC reports on its efforts to partner with other organizations to provide affordable homeownership opportunities, as requested in City Council motion *EX35.3* 2013.

In 2018, funding from the Province of Ontario (Investment in Affordable Housing Program and Home Ownership Assistance Program) provided down-payment assistance to 2 families to purchase their first home within TCHC's revitalization communities.

The table below breaks down the number of tenant and non-tenant families who purchased homes in 2020 through the Home Ownership Assistance Program. Not every revitalization site constructs new units each year, which is why there may be no tenants or non-tenants able to take advantage of the affordable homeownership opportunities in certain communities in a given year.

Revitalization Community	TCHC tenant families	Non-tenant families	Total
Alexandra Park	5	1	6
Allenbury Gardens	0	0	0
Lawrence Heights	0	0	0
Regent Park	0	4	4
Total	5	5	10

The table below breaks down the number of tenant and non-tenant families who have purchased homes to date through one of the home ownership programs.

Revitalization Community	TCHC tenant families	Non-tenant families	Total
Alexandra Park	8 ¹	1	9
Allenbury Gardens	4 ²	0	4
Lawrence Heights	3 ³	0	3
Regent Park	17	213 ⁴	230
Total	32	214	246

1.3 Update on Ten-Year Capital Financing Plan

TCHC reports annually on an updated Ten-Year Capital Financing Plan as directed by City Council motion EX35.4 2013. The motion requires TCHC to report on:

- total amount of capital backlog repair expenditures from the prior year;
- outstanding capital repair needs carried forward from the prior year;
- reductions to the capital repair backlog due to the sale of assets and/or revitalization;
- balance of the capital repair backlog reserve fund;
- changes in estimates for current and future capital repair requirements; and
- changes in estimates for current and future capital repair funding.

The Ten-Year Capital Financing Plan as of December 2020 is provided in Appendix A.

¹ One purchaser rescinded her loan in 2020 bringing the total number of Alexandra Park loans down to 8.

² Two purchases will be closing in 2021

³ One purchase will be closing in late 2021/2022

⁴ Four purchases will close in 2021

2. Vibrant Communities

2.1 Tenant Engagement System

Toronto Community Housing remains committed to engaging tenants at all levels to include them in making key decisions that may impact them and to ensure that TCHC continues to provide quality services to tenants.

In March 2020, all in-person engagement activities and public meetings were suspended due to COVID-19. In order to comply with social distancing measures, TCHC developed a plan to facilitate online tenant engagement and implement the tenant elections process virtually in 3 phases. As a result, 39 communities have leadership in-place, 6 have partial leadership in place, and 12 have yet to place leadership. Phase 1 by-elections will be held in communities with vacancies before the end of April 2021.

In 2021, TCHC will fully restart tenant engagement activities in adherence with COVID-19 restrictions. Establishing tenant leadership through tenant elections enables TCHC to remain compliant with the City's Shareholder Direction and maintain a democratic system of active tenant participation and involvement.

Establishing tenant leadership, and aligning it with the new service delivery model in the tenant service hubs, will enable TCHC to deliver quality service to tenants by allowing them to assess the quality of service they receive in the areas of cleaning, maintenance, tenancy management, and community safety and support.

Due to COVID-19 social distancing requirements, progress on implementing some components of the Tenant Engagement System were temporarily suspended. In January 2021, as a result of successful phase 1 tenant elections, activities resumed to implement the Community Action Plans and the Tenant Action Funds.

In the spring of 2021, TCHC will work with the newly elected tenant leaders to revalidate the local community action plans and work with the leadership groups to revise criteria for the types of projects that can be implemented in adherence with Toronto Public Health's COVID-19 guidelines. Tenant Action Fund applications will be opened to tenants in spring 2021.

Participatory Budgeting (PB)

The implementation of PB in 2020 was temporarily suspended in compliance with the Toronto Public Health directives on COVID-19 prevention. Upon completion of the remaining PB projects from 2019, TCHC will commence planning for PB 2021.

2.2 Eviction Prevention Policy and 2020 Eviction Results

2.2.1 Eviction Prevention Policy

TCHC makes the prevention of eviction for arrears a priority, in accordance with Section 9.2 (a) in the 2013 Shareholder Direction. Eviction is a last resort, only after staff have done everything possible to work with tenants on the repayment of rent.

From March 19, 2020 to July 31, 2020, TCHC suspended all evictions for arrears in accordance with the provincial moratorium during COVID-19.

TCHC's Eviction Prevention Policy for Non-Payment of Rent emphasizes early intervention so that arrears do not accumulate to a point where it is difficult for the tenant to catch up. In 2020, as part of the broader corporate restructuring efforts, which included the creation of Regional Teams and Tenant Service Hubs, TCHC has undertaken a review and refinement of key procedures, including the arrears collection process, with the goal of enhancing our follow up and engagement of households experiencing arrears. The process is set to be implemented in June 2021 and will build upon the previous arrears collection process, but focuses on earlier intervention, increased personal contact with tenants, communicating with tenants about rental responsibilities, enhanced access to the Office of the Commissioner of Housing Equity (OCHE), and the creation of systems for flagging and creating management plans in high arrears portfolios and tenant service hubs.

Finally, the Office of the Commissioner of Housing Equity helps prevent evictions by helping seniors and vulnerable tenants who face loss of subsidy or eviction due to rental arrears.

2.2.2 Eviction Results

Under the *Residential Tenancies Act*, tenants can be evicted for a number of reasons including, but not limited to, non-payment of rent, engaging in unlawful activity on TCHC property, and acting in a way that interferes with the reasonable enjoyment of other tenants. TCHC works with tenants to help them meet the responsibilities of their tenancies and, when possible, to keep their housing by complying with the Eviction Prevention Policy and Evictions for Cause Policy, and leveraging the resources of the Office of the Commissioner of Housing Equity.

The table below compares the eviction rates between 2018, 2019, and 2020, and identifies the number of tenancies that have been maintained through repayment agreements and mediated settlements. The number of repayment agreements arranged in 2020 is significantly lower than in 2019 and 2018. In response to the COVID-19 pandemic, an evictions moratorium was put in-place between March 19, 2020 to July 31, 2020. As a result, the issuing of N4s were suspended, unless it was related to an urgent issue such as serious health and safety issues or illegal issues. As the issuing of N4s often prompted tenants to obtain support, such as entering into a repayment agreement, the suspension led to a significantly lower number of repayment agreements arranged. However, as the eviction moratorium was lifted, TCHC was able

to restart its engagement with tenants to arrange repayment agreements on-par with pre-pandemic activity to support in maintaining successful tenancies.

Measure	2018	2019	2020	% change from 2019
Eviction Rate	<1%	<1%	<1%	<1%
Tenant Evictions (non-arrears)	102	117	47	-60%
Tenant Evictions (arrears)	160	108	39	-64%
Tenant Evictions (# of households)	262	225	86	-62%
Repayment arrangements initiated locally	2,855	2,822	1958	-31%
Number of Active TCHC applications at the Landlord and Tenant Board (as of Dec 31)	495	579	322	-44%
Mediated settlements via LTB (arrears)	793	588	233	-60%

Evictions for Non-Arrears

The table below describes the possible reasons for issuing eviction notices, and provides a count of households served with a notice for each rationale in 2020. The number of notices served is greater than the number of applications filed because a single household may have cause for termination under multiple clauses of the *Residential Tenancies Act* (“RTA”). The Landlord Tenant Board (LTB) requires that different notice of termination forms be completed for different grounds under the RTA.

The serving of a notice does not automatically mean that an application at the LTB will be filed or that the tenant will be evicted. Some notices create an opportunity for correction (e.g. repayment of arrears, support provided to clean up unit) before an application can be filed, while others offer no opportunity to correct behaviour (e.g. Criminal Act).

2.3 Human Rights Policy and Applications to the Ontario Human Rights Tribunal

2.3.1 Human Rights, Harassment, and Fair Access Policy

TCHC ensures that tenants and employees live and work in an environment free from harassment and discrimination, in which all individuals are equally valued and fairly treated. This is in accordance with Section 9.2 (d) in the 2013 Shareholder Direction and TCHC policies. In an effort to clarify legislative obligations specific to tenants and employees, in 2016 the Human Rights, Harassment, and Fair Access Policy (“HRHFA”) was separated into two policies: the HRHFA - Tenants for tenants and the Human Rights Policy (Staff) for employees. The HRHFA - Tenants was developed in consultation with tenants and since 2016, tenants’ human rights concerns have been addressed under the HRHFA - Tenant Policy.

TCHC is dedicated to building employee knowledge and awareness of human rights and accessibility. In 2020, TCHC continued to deliver training sessions on Accessibility for Ontarians with Disabilities Act (“AODA”) to staff. In 2020, 21 AODA sessions were delivered to 235 staff as part of General Orientation training.

2.3.2 Human Rights Complaints

TCHC is in the process of updating its internal process for handling tenant human rights complaints to align with the new service delivery model established as part of TCHC’s Operations’ restructuring. The new process will be formalized and implemented by the end of 2021.

3. Positive Tenant Experience

3.1 Communicating with Tenants

3.1.1 Communication with Tenants in the Language of their Choice

Over 30% of tenants speak a language other than English, and serving tenants in the language of their choice is a priority for TCHC.

Currently, corporate communication products aimed at all tenants are translated upon request into multiple languages. TCHC also uses icons, illustrations and plain language in information materials to improve communication with all language groups. For important documents, such as legal notices, which TCHC must serve to tenants in English or French, a cover letter is included explaining in 18 languages that the document they received is important and that they should have it translated if needed. For example, communications materials produced by TCHC for tenants about COVID-19 were proactively translated into 10 languages and posted [on the COVID-19 page on TCHC's website](#). TCHC also proactively translated materials prepared for the tenant engagement system refresh and the tenant elections, again in 10 languages. TCHC also has the capacity to produce braille, large print and audio formats for the Safety Guide and Tenant Guide, upon request.

For in-person or over-the-phone customer service language interpretation, staff in the Client Care Centre currently use a “language line” that provides interpretation services in 138 languages.

3.1.2 Local Accountability with Tenants

TCHC maintains and reports on a system of local accountability established with tenants as outlined in Section 9.2 of the 2013 Shareholder Direction. Tenants are informed of the operating budget and capital plans, and there is regular reporting on the achievement of budget targets and progress on plans for repairs and renovations.

All relevant documents related to the operating budget and capital plan are posted publically on the TCHC website after they are approved by the Board of Directors. These documents, along with copies of the Annual Report, are also available on request from all TCHC offices.

Tenants are notified of planned maintenance and capital repair work in their communities with notices informing them of the type of work, the problem the work is addressing, and the expected completion date. Notices contain instructions for tenants where appropriate, such as what to do during planned water or power shutdowns.

In addition, in 2020 TCHC produced four issues of its tenant newsletter [Tenant LOOP](#), which is mailed to every household. These newsletters included information about upcoming tenant consultations, how to make requests for repairs, how to learn more about capital repairs, tips and information about fire and community safety, how to provide feedback on service, and more.

A growing number of TCHC tenants are using social media to engage with the company. TCHC engages tenants online by sharing information on its website, and on Twitter, Facebook, Instagram, and LinkedIn, informing tenants about training workshops, scholarship opportunities, and city consultations. TCHC also provides online customer service when appropriate, by linking tenants who reach out online for information with resources within the company or within their community. For example, tenants are connected with local Community Services Coordinators, who work in each TCHC community to connect tenants with a variety of community resources and programs, such as literacy, mental health, adult learning, and seniors-focused programs, offered through partners across the city. Tenants can access information about these resources by calling TCHC's 24-hour Client Care Centre, and can join our social media communities, which include partners, staff, advocates of TCHC tenants, and the public, for additional information and support.

3.1.3 Tenant Complaint Process

Tenant Complaint Process

TCHC is committed to providing a positive experience for our tenants and communities. The effective management of complaints is an important aspect of delivering service excellence and supporting a culture of continuous learning and improvement.

In 2018, the Solutions team was established to support the single-stage escalation model to manage tenant complaints. The Solutions team is comprised of Complaints Resolution Specialists who are responsible for the intake and managing of complaints to resolution. In 2020, a communication campaign was launched to better enhance tenant awareness and understanding of complaints management and the role of the Solutions team.

In an effort to improve service delivery, the Solutions team has implemented program enhancements through the following initiatives:

1. Staff Alignment & Structure

2. Complaints Resolution Training
3. Process Improvement and Standardization

Lastly, in 2021, the Solutions team is leading the review of the Tenant Complaints policy, which outlines the organization's principles and approach to the management of complaints. TCHC will be hosting tenant consultations in the spring of 2021 to get input for the policy. The Tenant Complaints Policy is projected to be completed by mid-2021.

Complaints through the Office of the Ombudsman or Councillors' offices:

Inquiries from elected officials are managed by the Stakeholder Relations team. In 2020, Toronto Community Housing received 2,177 inquiries from Toronto-area elected officials including the Mayor, City Councillors, Members of Provincial Parliament, and Members of Parliament. 89.8% (1,956) were addressed within five business days.

Inquiries from the City of Toronto Ombudsman's Office are addressed primarily by the Solutions team with support from Stakeholder Relations. In 2020, Toronto Community Housing received 107 inquiries from the Office of the Ombudsman. 68.2% (73) were addressed within ten business days.

4. Business Foundations

4.1 Transparency and Accountability

4.1.1 Executive Leadership Compensation

The TCHC Board of Directors approved an executive compensation framework in 2015, as directed by City Council motion *EX44.8* 2014. This framework will be reviewed every four years with the next review taking place in 2023.

TCHC reports annually on senior executive compensation in accordance with Section 10.2.4 of the Shareholder Direction. The following table outlines senior executive compensation, as permitted by law, in 2018. Note that "senior executive" has been defined as all employees at the Vice-President level, and above, and employees who report directly to the Board of Directors.

Tong, Vincent	Chief Development Officer	242,371.90	851.52	241,520.38

4.2 Procurement

TCHC works diligently to ensure all procurement activities including, but not limited to, purchasing, leasing or renting of goods and services, consulting, maintenance and construction contracts are arrived at by competitive processes wherever possible. All direct award requests are reviewed and approved in accordance with TCHC's Procurement Policy and Procedures. TCHC's procurement activities also adhere to public procurement best practices, legal compliance, trade treaty requirements, and are managed in an open and transparent manner to ensure value for money, the lowest total cost of ownership, and honest and ethical contracting.

In support of the 10 Year Capital Financing Plan, TCHC managed the vendor selection process, which allowed TCHC to deliver \$367.4 million in capital renewal projects against the 2020 budget, and delivered over \$30 million in non-building renewal capital. These funds are released to vendors in accordance with TCHC's Procurement Policy.

4.3 Update on Policies and Occupational Health and Safety

The corporation continues to prioritize the management of occupational health and safety risks and costs through effective compliance-driven injury prevention programs and policies that are consistent with City of Toronto practices, and developed and delivered in cooperation with our union partners.

Major focus areas in 2020 included responding to the emerging global COVID-19 pandemic. The human resources division supported TCHC's Emergency Operations Committee with policies, training, and consultation services to comply with all public health measures and directives for the safety of staff and tenants. We have further established processes and dedicated all available resources to the management of staff illness, WSIB claims, and absences due to self-isolation requirements to prevent major

impacts to TCHC's business continuity and essential service delivery to tenants during COVID-19.

In 2021, we will shift focus to ensuring the long term sustainability and efficiency of COVID-19 prevention measures and related disability and attendance management practices. We will also be working on the complete recovery of essential compliance and prevention work initiated in 2020, including staff training, engagement, proactive risk assessments, and other services partially disrupted by the corporation's COVID-19 response and provincial lockdowns.

The Health, Safety and Wellness unit also continues to support all employee disability and absence management, reducing direct and indirect costs of employee injury and disability through timely and effective case management and an early and safe return to work program. Employees are further supported through safe and appropriate wellness initiatives that address three key areas of risk: mental health, cardiovascular health, and musculoskeletal disorders. A multi-service Employee and Family Assistance Program continues to be provided with the objective of reducing associated benefits/claims costs and improving employee retention and productivity. Further consultation and procurement activities are planned in 2021 to ensure this program meets the needs of our black staff and eliminates any barriers to support services, as part of our corporate commitment to counter anti-black racism.

4.4 Challenges Faced in 2020

The Annual Report speaks to our successes and the actions that have been undertaken in 2020 to improve services to and outcomes for tenants; however, it is important to note some of the of challenges that Toronto Community Housing faced in 2020 that impacted our ability to successfully meet our goals and objectives. These challenges have the potential to impact tenant and public confidence in the organization.

The COVID-19 Pandemic

Like most public organizations, TCHC's operations have been impacted by the COVID-19 pandemic. Managing the impact of the pandemic on the safety of our staff and tenants has been TCHC's number-one priority throughout 2020. Throughout 2020, we maintained and expanded our services continuously with a priority on increased cleaning and sanitation of building common areas, and ensuring a robust inventory of PPE and cleaning supplies.

In 2020, the COVID-19 pandemic led to lost revenues of \$4.9M due to unpaid rent and fees and increased expenditures of \$22.4M primarily for PPE, staff overtime costs, and higher utilities usage by tenants.

Summer youth programs and many other tenant engagement activities were delayed, cancelled, or curtailed in 2020 to meet social distancing requirements. TCHC has sought to move as many tenant interactions online as possible and continue to deliver face-to-face tenant service where necessary and in compliance with social distancing requirements.

Appendix C: Overview of Toronto Community Housing Corporation's Subsidiaries and Joint Ventures/Partnerships

This Appendix provides an overview of Toronto Community Housing Corporation's ("TCHC's") subsidiaries and joint ventures/partnerships ("Entities").

Summary

1. Development Entities

Generally, the Entities related to development were created for the purpose of shielding the parent from liability and/or to create joint ventures/partnerships with TCHC's development partners. Beyond minimizing liability, having a separate entity for each development project also allows for better tracking of project costs.

To date, with respect to the development Entities, only the development project associated with Don Mount Court Development Corporation ("DMCDC") is completed. TCHC brought a request to the City of Toronto for the dissolution of DMCDC, which was approved by City Council in June 2018. DMCDC is scheduled to be wound up in early 2021.

2. Non Development Entities

Each non-development Entity is briefly described below.

2.1 Access Housing Connections Inc.

Access Housing Connections Inc. ("AHCI") previously managed the centralized waiting list for Rent-Geared-to-Income ("RGI") applicants for the entire City of Toronto, the rent supplement program in Toronto, and the Housing Allowance Program (Canada-Ontario-Toronto). TCHC transferred employees to the City of Toronto in 2015 and the wait list function of AHCI to the City of Toronto in 2016. TCHC brought forward a request to the City of Toronto for the dissolution of AHCI, which was approved by City Council in June 2018. AHCI is scheduled to be wound up in 2021.

2.2 2001064 Ontario Inc.

2001064 Ontario Inc. ("2001064") owns the title to 112 Elizabeth Street, which is a retail building connected to 111 Chestnut Street, a residential building owned by TCHC.

Maintaining separate title for the retail building allows for a more efficient sale if TCHC were to sell the commercial portion in the future; therefore, it is recommended that 2001064 be maintained as a separate entity.

2001064 is a separate nominee entity where substantial operations are managed by TCHC.

2.3 Toronto Affordable Housing Fund

Toronto Affordable Housing Fund (“TAHF”) is a non-share capital corporation, where TCHC is the sole member. TAHF delivers and administers home-ownership loans on behalf of the City of Toronto, Canada Mortgage Housing Corporation and TCHC. TAHF also manages second mortgages to qualified purchasers, funds transactions, and other related matters related to the implementation of the City of Toronto’s affordable ownership program.

TAHF holds numerous outstanding mortgages that would be costly to assign to TCHC, thus it is recommended that TAHF continue to exist separately. TCHC is working with the Housing Secretariat on transferring this program back to the City. On April 30, 2029, TCHC must relinquish these mortgages back to the City of Toronto. Containing all such activities in a subsidiary is deemed desirable, to make this future transfer back to the City of Toronto as effective and efficient as possible.

2.4 Toronto Community Housing Enterprises Inc.

Toronto Community Housing Enterprises Inc. (“TCHEI”) was created as a holding company for Regent Park Energy Inc. (“RPEI”) and Innoserv Inc. Innoserv Inc. was dissolved in 2014.

TCHEI is proposed to be amalgamated with RPEI subject to guidance and an income tax analysis from PricewaterhouseCoopers (“PwC”) pursuant to the Ontario *Business Corporations Act* and the *Income Tax Act* (Canada). PwC was engaged in 2020 and TCHC is awaiting its analysis.

2.5 Regent Park Energy Inc.

Regent Park Energy Inc. (“RPEI”) was created to manage the district energy system at Regent Park. RPEI is fully owned by TCHEI.

RPEI is proposed to be amalgamated with TCHEI subject to guidance and an income tax analysis from PricewaterhouseCoopers (“PwC”) pursuant to the Ontario *Business Corporations Act* and the *Income Tax Act* (Canada). PwC was engaged in 2020 and TCHC is awaiting its’ analysis.

TCHC Board Report to Establish Subsidiary/Enterprise/Investment	TCHC:2003-30 TCHC:2006-134	
Original Rationale for Creation/Separate Corporate Existence	<p>Separation of liabilities between the development and TCHC as a corporation, which is of particular advantage in the relationship to the development partner.</p> <p>The use of a subsidiary also provides a separation of the development of the market component from the rental housing component. This improves accountability between the two adjoining projects. The use of RPDC also separates TCHC from the market component in terms of primary liability. Contracts relating to the market development (such as agreements of purchase and sale with condominium purchasers) are executed by RPDC, or the nominee, and not directly by TCHC. As a result, the primary liability on contracts rests with RPDC.</p>
