

Deputation – Ghassan Fayad
Item 7C – Tenant Engagement System: Engage Together Update
TSC Public Meeting – October 3, 2025

Good Morning:

In this deputation on item 7C, I will focus on Section Tenant Council on page 3, specifically on the statement, “establish a fair, diverse and inclusive election process for the October 2025 city-wide election.”

It is very clear that the tenant election council process this year is very organized, and the management, including the engagement team, supports the election and the campaign process to make it fair, diverse, and inclusive. However, there are some exemptions, and specifically, the superintendents who participate in some candidates' campaigns and verbally harass other outspoken candidates. I hope that this issue should be addressed in order to achieve the fairness goal of the election process.

Thank you
