

Tenant Council Elections

Accommodation supports during the voting process

Proxy voting

You can pick one specific person to cast your vote if you are not able to vote on your scheduled election day.

Contact your local Tenant Participation Coordinator to choose your proxy.

Assisted voting

During this process, a tenant can be supported by another person to help them vote for their preferred candidate(s).

If a tenant needs assistance at a polling station, staff will require that the tenant and the person that is helping them sign a consent form.

Tenants can also request that a ballot be delivered to their unit. This request must be made by October 10, 2025.

Interpretation and translation

You can request interpretation services, including American Sign Language, for any elections-related activities. You can also request translated versions of any written materials.

Contact your local Tenant Participation Coordinator to make your request.

More information

To learn more about accommodations during elections, contact your local Tenant Participation Coordinator or call 416-981-5500 or visit
